

WELDING - TRADE FOREMAN COURSE

Multiple Weekly Sessions

S\$1460

SHINGDA ATTC, 10 Kranji Crescent

WHY YOU SHOULD ATTEND THIS COURSE

The Pipe Fitting course provides trainees with a comprehensive knowledge of pipe and pipe fittings.

Trainees get to learn about both technical and theoretical aspects of pipe fitting. This course will help the trainees' acquisition of an ability to carry out effective pipe fitting work.

Our in-depth training will provide the trainees with a strong foundation to do well for their BCA Certification Test. Our training has been time-tested and proven to yield high passing rates.

6 Key Benefits

1. Weekly test dates to provide maximum flexibility and ensure shorter waiting period

2. Weekend and night classes available upon demand

3. Individual daily evaluation to track students' progress

4. 'AN' application assistance and services available

5. Online seamless application

6. Up to 40% BCA funding for company sponsored trainees
